

The Honor Society of

BETA GAMMA SIGMA

Serving Business Programs Accredited by AACSB International

Beta Gamma Sigma Alumni Chapter Program

*Adding additional lifetime benefits for the
Society's lifetime members*

What is the BGS Alumni Chapter Program?

Members of Beta Gamma Sigma, the honor society serving business programs accredited by AACSB International, were recognized during their collegiate careers as “the best in business” – the best students majoring in business subjects at the world’s finest business schools. There is no higher honor for business students anywhere in the world than to earn the invitation to membership.

Coupled with their impressive collegiate performances, members of Beta Gamma Sigma have gone on to occupy vital management positions at corporations and organizations around the world. CEO’s, CFO’s, presidents, directors, vice presidents, business school faculty, and managers at every level – they all make up the 500,000-strong membership of Beta Gamma Sigma.

The Beta Gamma Sigma Alumni Chapter Program brings this talent together – in alumni chapters developed geographically – so members can advance professionally through networking and other valuable programming.

BGS Members – The Best in Business

Alumni Chapter Membership Benefits

Networking Opportunities top the list of alumni chapter benefits and are available at each alumni chapter function. Members have the opportunity to network with other business professionals from their geographic area. These opportunities can be invaluable when members are just starting their professional careers, as well as later when advancement is the goal and business contacts are an invaluable tool. Network with Beta Gamma Sigma members if contacting “the best” is important to you.

Educational Opportunities include **Panel Discussions** with individuals knowledgeable about significant business topics; **Prominent Speakers** who highlight many chapter events and draw attention to the chapter; and **Career Development Opportunities** provided through the local alumni chapter. One important objective of Beta Gamma Sigma is to “support the advancement of business thought, at both the Society and chapter levels, so as to encourage lifelong learning for members and other constituents.” Beta Gamma Sigma alumni chapters help accomplish this objective.

Chapter Membership Directories can be useful in keeping alumni members connected to one another. In addition, the **BetaLink On-Line Community** offers an on-line directory of the Society’s 500,000+ membership. Together, these tools help members stay in touch with “the best in business.”

Mentoring Programs benefit members who are just starting out in the business world, as well as those willing to share their knowledge, experience and expertise.

Chapter Updates Through BetaNet help keep alumni members informed about local and Societywide programs. Each chapter has a page on BetaNet dedicated to the chapter, while some chapters have also developed their own website to provide more information to members.
